

20 October 2010

Item 3.1.1 English language requirements

Members:

1. agreed, subject to the views of other national boards, to include the revised draft English language requirements registration standard in the Board's consultation paper to be released on 27 October 2009, and
2. noted that the Australian Conference of Chiropractors Registration Boards (ACCRB) had made a suggestion that could also be considered, but agreed to leave the proposed standard unamended at this stage.

18 November 2009

Item 3.3 Feedback so far on English language and [REDACTED] requirements

Members:

1. noted the further feedback on the English language and [REDACTED] requirements standards, especially the feedback from national boards
2. noted that the draft common standards are proposed as a minimum to which boards can add any additional requirements
3. agreed to the new versions of the English language and [REDACTED] standards at Attachments A and B as the basis for the final versions of the standards to be considered by boards in December, and
4. noted that a further paper with additional information and any changes arising from the consultation process will be provided out of session after the consultation period closes, to facilitate finalisation of the standards in December 2009.

15 December 2009

Item 3.2 Revised common English language standard

Members:

1. noted that the proposed common English language standard now contains provision for Board-specific content, and
2. agreed to the revised version of the common English language standard at Attachment C
