

## Accreditation fees for Aboriginal and Torres Strait Islander health practice

### Information for education providers

The Aboriginal and Torres Strait Islander Health Practice Accreditation Committee (the Committee) sets the fees for accreditation assessments, monitoring and annual accreditation on a cost recovery basis and the Aboriginal and Torres Strait Islander Health Practice Board of Australia (Board) approves the fees. The fees are reviewed on a regular basis and may change from time to time.

#### Fees for accreditation and transitional assessment

The current approved fee for initial accreditation assessment of an Aboriginal and Torres Strait Islander primary health care practice program (program) from one campus or location is \$4,048 (GST free). This amount applies until 31 December 2025.

This fee includes one site visit to one campus or location. Different fees apply if:

- an assessment team needs to undertake a site visit to more than one campus or location, for example if the qualification is delivered from more than one campus or location, and / or
- the assessment team needs to undertake extra site visits because evidence and requested information is not provided to them at the first site visit.

A full accreditation assessment will not be required for programs that have completed an assessment against the 2019 *Accreditation Standards for Aboriginal and Torres Strait Islander Health Practice*. With the planned release of the 2026 Accreditation Standards for Aboriginal and Torres Strait Islander Health Practice, education providers will be assessed via a transitional assessment to determine how the education provider and its program meet the revised standards.

<b>Aboriginal and Torres Strait Islander Health Practice accreditation assessment and transitional assessment fees until 31 December 2025</b>	<b>Fee (GST-free)</b>
Accreditation assessment for delivery of a program from one campus or location	\$4,048
Additional fee if delivery of the program requires a site visit to more than one campus or location (per site fee)	\$4,048
Transitional assessment fee	\$3,200

#### Annual and monitoring fees

The annual accreditation fee helps to support the work of the Committee to ensure it continues to be satisfied that each education provider on the Board's list of approved programs continues to meet the accreditation standards. This work is required under the Health Practitioner Regulation National Law as in force in each state and territory (National Law).

The fee does not include the cost of any site visits or a detailed accreditation assessment of an education provider on the Board's list of approved programs. Additional fees apply if the Committee decides that, based on its monitoring of a particular approved program, a site visit / monitoring visit or detailed accreditation assessment is required to ensure the Committee continues to be satisfied the program and provider meet the accreditation standards.

Aboriginal and Torres Strait Islander Health Practice annual and monitoring fees until 31 December 2025	Fee (GST-free)
Annual fee for each education provider on the Board's list of approved programs from one campus or location	\$4,048
Additional annual fee for each additional campus or location on the Board's list of approved programs	\$4,048
Monitoring visit	\$4,048
Monitoring visit – per site	\$4,048
