Dear Robert

The Australian and New Zealand Osteopathic Council (ANZOC) welcomes the opportunity to provide feedback on the *definition of practice* public consultation paper released on 3 October 2011.

As you are aware, ANZOC is a member of the Forum of Australian Health Professions Councils (the Forum) representing the ten accreditation authorities under the National Registration and Accreditation Scheme.

ANZOC endorses the views of Forum in their submission to the *Consultation Paper of the Definition of Practice*.

Yours sincerely
