Problem(s)			

Candidate assessment

Please record a rating for each criterion on the scale 1 (extremely poor) to 5 (extremely good). A score of 1-2 is considered below expected level, 3 at expected level and 4-5 above expected level, at the standard of an Australian trained specialist in the specialty.

The criteria where there are no N/O (not observable in this encounter) boxes are mandatory and must be rated for each assessment. Assessors should note that over all the encounters observed it is expected that all attributes are observed and scored at least once. Support all ratings with an explanation / example in the comments box.

Candidate assessment criteria	Below expected level	At expected level	Above expected level	
Medical Interviewing and Communication Skills	1 2	3	4 5	
2. Professionalism / humanistic skills	1 2	3	4 5	
3. Organisation / efficiency	1 2	3	4 5	
4. History taking skills	1 2	3	4 5	N/O
5. Physical examination skills	1 2	3	4 5	N/O
6. Counselling, education and management skills	1 2	3	4 5	N/O
7. Clinical judgement / clinical reasoning	1 2	3	4 5	

Global rating

An overall judgement of performance at the standard of Australian trained specialist in the specialty.

Mini-CEX

The mini-clinical evaluation exercise is the process of directly observing a doctor in a focused patient encounter for the purposes of assessment. It entails observing a candidate perform a focused task with a real patient such as taking a history, examining or counselling a patient. The assessor records judgments of the candidate's performance on a rating form and conducts a feedback session on the candidate's performance.

DESCRIPTORS OF CRITERIA ASSESSED DURING MINI-CEX

Medical interviewing and communication skills

- Facilitates patient's telling of story and explores the patient's problem(s) using plain English.
- Effectively listens and uses questions/directions to obtain accurate/ adequate information needed
