AUSTRALIAN NATIONAL GUIDELINES FOR THE MANAGEMENT OF HEALTHCARE WORKERS LIVING WITH BLOOD BORNE VIRUSES AND HEALTHCARE WORKERS WHO PERFORM EXPOSURE PRONE PROCEDURES AT RISK OF EXPOSURE TO BLOOD BORNE VIRUSES

The Communicable Diseases Network Australia (CDNA) has published these guidelines. The following is a summary of the requirements in the CDNA guidelines:

Healthcare workers who perform exposure prone procedures (EPPs) must take reasonable steps to know their blood-borne virus (BBV) status and should be tested for BBVs at least once every three years. They are also expected to:

- have appropriate and timely testing and follow up care after a potential occupational exposure associated with a risk of BBV acquisition
- have appropriate testing and follow up care after potential non-occupational exposure, with testing frequency related to risk factors for virus acquisition
- cease performing all EPPs if diagnosed with a BBV until the criteria in the guidelines are met, and
- confirm that they comply with these guidelines when applying for renewal of registration if requested by their board.

Practitioners who are living with a blood-borne virus and who perform exposure-prone procedures have additional requirements. They are expected to:

- be under the ongoing care of a treating doctor with relevant expertise
- comply with prescribed treatment
- have ongoing viral load monitoring at the appointed times
- not perform EPPs if particular viral load or viral clearance criteria are not met (see detailed information in the guidelines according to the specific BBV)
- seek advice regarding any change in health condition that may affect their fitness to practise or impair their health
- release monitoring information to the treating doctor
- if required, release de-identified information to the relevant area of the jurisdictional health department/Expert Advisory Committee, and
- if required, release health monitoring information to a designated person in their workplace in the event of a potential exposure incident to assess the requirement for further public health action.

Additional information can be found in the CDNA *Australian National Guidelines for the Management of Healthcare Workers Living with Blood Borne Viruses and Healthcare Workers Who Perform Exposure Prone Procedures at Risk of Exposure to Blood Borne Viruses* available online at <https://www.health.gov.au/resources/collections/cdna-national-guidelines-for-healthcare-workers-on-managing-bloodborne-viruses?language=en>

Copies of documents provided in support of an application, or other purpose required by the National Law, must be certified as true copies of the original documents. Each and every certified document **must**:

- be in English. If original documents are not in English, you must provide a certified copy of the original document and translation in accordance with Ahpra guidelines, which are available at www.ahpra.gov.au/registration/registration-process
- be initialled on every page by the authorised officer. For a list of people authorised to certify documents, visit www.ahpra.gov.au/certify.aspx

You must provide evidence of a change of name if you have ever been formally known by another name(s) or any of the documentation you are providing in support of your application is in another name(s).

Evidence must be a certified copy of one of the following documents:

- Standard marriage certificate (ceremonial certificates will not be accepted).
- Deed poll.
- Change of name certificate.

Faxed, scanned or emailed copies of certified documents will not be accepted.

CONTINUING PROFESSIONAL DEVELOPMENT (CPD)

You must participate regularly in continuing professional development (CPD) relevant to your scope of practice.

CPD must include a range of activities to meet your individual learning needs, including practice-based reflective elements, such as clinical audit, peer-review or performance appraisal, as well as participation in activities to enhance knowledge such as courses, conferences and online learning. CPD programs of medical colleges accredited by the Australian Medical Council meet these requirements. Refer to the Board's *Continuing professional development registration standard* for details of the requirements which relate to your situation.

CRIMINAL HISTORY

Criminal history includes the following, whether in Australia or overseas, at any time:

- every conviction of a person for an offence
- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
- every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made.

The Board will decide whether a health practitioner's criminal history is relevant to the practice of the profession.

You are not required to obtain or provide your Australian criminal history report, Ahpra will obtain this check on your behalf. You may be required to obtain international criminal history reports.

For more information, view the full registration standard online at www.medicalboard.gov.au/Registration-Standards

CURRICULUM VITAE

Your curriculum vitae must:

- explain any period since obtaining your professional qualifications where you have not practised and reasons why (e.g. undertaking study, travel, family commitment)
- be in chronological order
- be signed and dated with a statement, 'This curriculum vitae is true and correct as at (insert date)', and
- be the original signed curriculum vitae (no faxes or scanned copies will be accepted).

It must also contain all the elements defined in Ahpra's standard format for curriculum vitae which can be found at www.ahpra.gov.au/cv

IMPAIRMENT

Impairment means a physical or mental impairment, disability, condition, or disorder (including substance abuse or dependence) that **detrimentally affects or is likely to detrimentally affect your capacity to practise the profession**. The National Law requires you to declare any such impairments at the time of renewal, including details of the impairment and how it is managed.

PRACTICE

Practice means any role, whether remunerated or not, in which the individual uses their skills and knowledge as a practitioner in their regulated health profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with patients or clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of health services in the health profession.

PROFESSIONAL INDEMNITY INSURANCE (PII)

You must have PII, or some alternative form of indemnity cover that complies with the Board's standard, for all aspects of your medical practice. Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of practice for the whole period of the registration. You may be covered by your Australian employer's PII - you will need to confirm this with your employer. Medical practitioners are exempt from requiring PII, where the scope of medical practice of an individual medical practitioner does not include the provision of health care or medical opinion in respect of the physical or mental health of any person or where a medical practitioner has statutory exemption from liability or where a medical practitioner is practising exclusively overseas.

For more information, view the full registration standard online at www.medicalboard.gov.au/Registration-Standards

REGENCY OF PRACTICE

To ensure that you can practise competently and safely, you must have recent practice in the field in which you intend to work during the period of registration for which you are applying.

To meet the standard, you must have practised within your scope of practice for a minimum total of:

- four weeks full-time equivalent in one year, which is a total of 152 hours, or
- 12 weeks full-time equivalent over three consecutive years, which is a total of 456 hours.

If you have been absent from practice, the specific requirements depend on the field of practice, your level of experience and the length of absence from the field.

If you propose to change your field of practice, the Board will consider whether your peers would view the change as a normal extension or variation in a field of practice, or a change that would require specific training and demonstration of competence.

Practitioners who are unable to meet the Board's registration standard for recency of practice may be required to complete professional development activities, submit a plan for re-entry to practice or other training or assessments.

For more information, view the full registration standard online at www.medicalboard.gov.au/Registration-Standards
