

Consultation paper on registration standards and related matters – comments

[REDACTED]

Section 2.2 English language skills

- standard should apply to entry-to-practice students and postgraduate students and this needs to be clarified
- OET is considered acceptable provider, however they need to ensure that midwifery is also included in the professions for which the course is catered
- IELTS – more than two years should not be accepted – they need to complete requirements within two years in all domains.
- Yes clarify the secondary education
- Remove list of countries
