**Subject:** Feedback regarding OET exam multiple sitting

Respected Madam/ Sir

I am writing regarding the OET exam passing criteria. I have given this exam many times. Several times I was too close to the passing grade, unfortunately I could not get through. Now I have just lost hope. Actually there are many sufferers struggling with the same situation. In my opinion, if someone is passing any module in an exam and next time he/she could not, that's does not mean his ability got poorer. It would be really appreciated if you modify the passing criteria, 'all the sub-tests should be passed in one sitting, to multiple sitting'. Please consider this situation for the betterment of students suffering like me.

Many thanks
