Subject: A requestm regarding OET result

Hi

I read that AHPRA is rethinking the English pass marking criteria for the IMGs. That will be really very grateful if you make some changes. Actually multiple sitting should be acceptable to get registered with AHPRA. Please reconsider this decision. I am struggling for the OET exam for more than a year, most of the time get through in 3 sections, however, I have passed all the sections but not in one sitting. It's really very stressful to give the exam again and again. If I have passed some module sometime, unfortunately I fail the same module next time, this does not mean my ability got poorer. Please reconsider this situation, I will be really grateful to you.

Many thanks
