**Subject:** English Examination Requirements

Dear Sir/Madam,

My name is [REDACTED], I just recently finished my Bachelor Degree in Nursing Graduate Entry at the University of [REDACTED] this December 2013. I am an international student from the Philippines. I took my OET examination last November [REDACTED] 2013 and I passed the reading, writing and speaking sub-test but unfortunately I got C in listening part. Actually, this is the second time that I took this English exam, but on my previous OET exam I've got B in listening sub test, that was last October 5.

I took up Bachelor of Science in Commerce Major in Accountancy graduated on March 2004 and Bachelor of Science in Nursing graduated on October 2006 in the Philippines, I also did a Certificate III in Aged Care at TAFE [REDACTED] graduated on December 2011 and the medium of language was English. If ever I am willing to provide all the necessary documents needed.

I am not sure, if I did the right thing writing this letter but all I wanted to do is to voiced out my concerns regarding this English examination. As an international student paying \$587.00 per examination is too expensive, and just failing one sub- test, you need to take the english exam again. I am aware to the rules and regulations of APHRA, but again I just wanted to express my side.

Thank you very much.

Very truly yours,

[REDACTED]
