I work as a specialist consultant at a public hospital. As part of my appointment as a VMO, I undertake regular QA with morbidity and mortality meeting, annual performance review, regular multi-disciplinary meetings. Specialist with public hospital appointment have compulsory CPD activity as part of the job requirement. I suggest that this is acknowledged in the CPD program and CPD points are given for being an oncall specialist at a public hospital.

AMA has a great online CPD home and should be recognized as a suitable CPD home.
