Introduction

The functions of the Chinese Medicine Board of Australia (the Board) include:

- registering Chinese medicine practitioners and students
- developing standards, codes and guidelines for the Chinese medicine profession
- handling notifications, complaints, investigations and disciplinary hearings
- overseeing the assessment of overseas trained practitioners who wish to practise in Australia, and
- approving accreditation standards and accredited courses of study.

The Board's functions are supported by the [Australian Health Practitioner Regulation Agency](#) (Ahpra). For information about legislation governing our operations see Ahpra's Legislation and Publications at www.ahpra.gov.au/Publications

The Board has analysed its registration data and produced a number of statistical breakdowns about registrants to share with the profession and community. The Board shares these breakdowns regularly.

For more information on Chinese medicine registration, please see the Board's website: www.chinesemedicineboard.gov.au/Registration.aspx

Principal place of practice

Registration type
