Introduction

The functions of the Aboriginal and Torres Strait Islander Health Practice Board of Australia include:

- registering the Aboriginal and Torres Strait Islander Health Practitioners and students
- developing standards, codes and guidelines for the Aboriginal and Torres Strait Islander Health Practice profession
- handling notifications, complaints, investigations and disciplinary hearings, and
- approving accreditation standards and accredited courses of study.

The Board's functions are supported by the [Australian Health Practitioner Regulation Agency](#) (Ahpra). For information about legislation governing our operations see Ahpra's Legislation & Publications at www.ahpra.gov.au/Publications

The Board has analysed its registration data and produced a number of statistical breakdowns about registrants to share with the profession and community. The Board shares these breakdowns regularly. For more information on Aboriginal and Torres Strait Islander Health Practice registration, please see the Board's website: www.atsihealthpracticeboard.gov.au/Registration

Pandemic response sub-register

Ahpra and the National Boards supported the COVID-19 response by helping provide access to a potential surge workforce when the healthcare system was experiencing changing demands due to outbreaks of COVID-19 variants.

Temporary Pandemic response sub-registers were first established in April 2020 to help fast track the return to the workforce of experienced and qualified health practitioners.

On 8 June 2023, the Pandemic response sub-registers were closed and all practitioners registered on them were transitioned to the public register. For more information see the [COVID-19 page](#) on Ahpra's website.

Principal place of practice

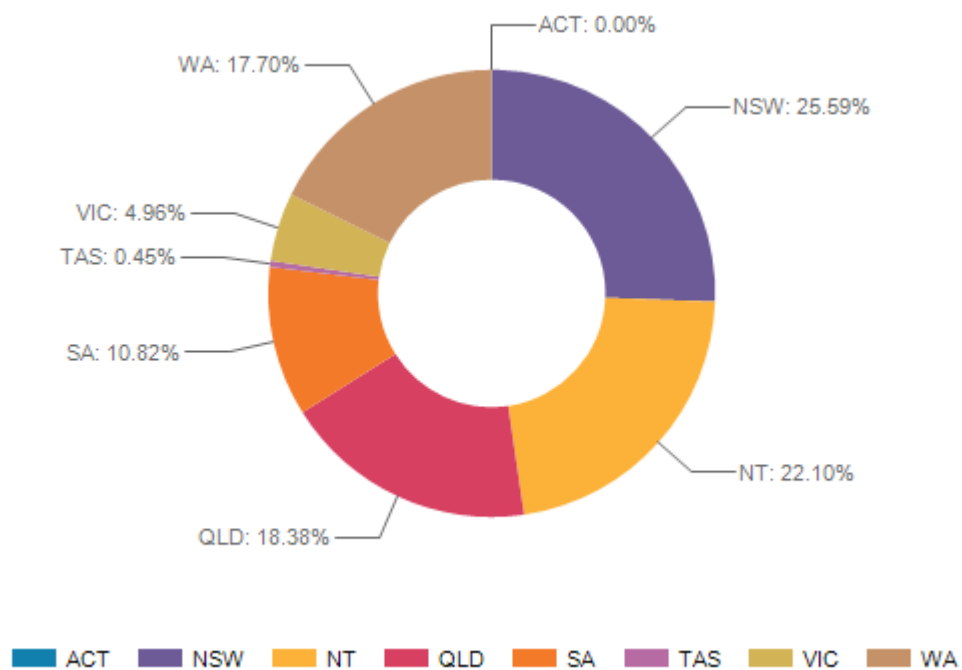

Registration type

Table 1.1 Registration type by principal place of practice

Registration types	ACT	NSW	NT	QLD	SA	TAS	VIC	WA	No PPP	Total
